

California OES Weather Threat Briefing

Monday, March 8, 2021
9:00 AM PST

Day 1 (Monday): Periods of rain, mountain snow, gusty winds and isolated thunderstorms are expected across northern and central California today.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

03/08/21 - 03/14/21

Monday-Sunday

- Cool and unsettled conditions are expected Monday through Thursday across the state, bringing periods of rain, mountain snow, gusty winds and isolated thunderstorms.
 - Mountain snow may lead to travel impacts across northern mountains and the Sierras beginning Monday, and southern California mountains beginning late Tuesday.
 - Rainfall rates may produce minor runoff and debris flow, but no widespread significant impacts are expected.
- Drier weather with milder temperatures are expected into next weekend.
